Welcome to Akbal, we have left the exact location a link above.

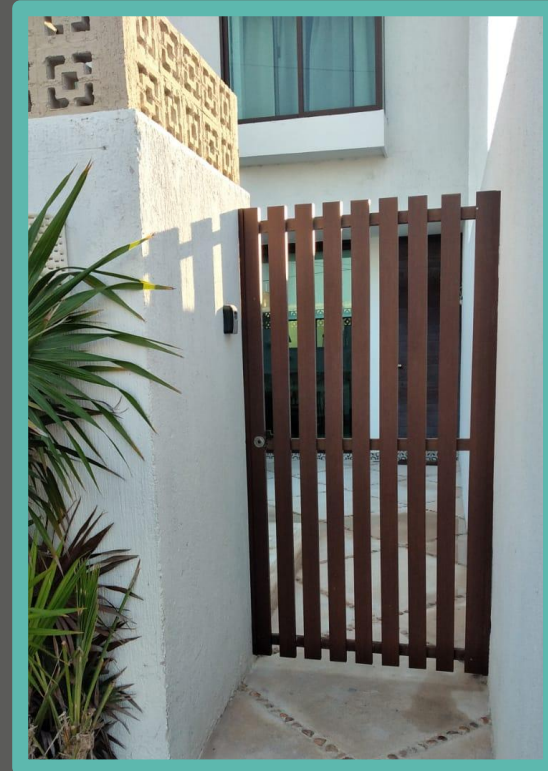

To get there driving you must go along the Progreso - Telchac highway, the complex of 5 villas is at km 10.5. It means that it is located 10.5 km east of Progreso. You enter the property through the entrance called ABC or SAM (it has 2 names), the third after the Oxxo located after passing the Police Control Point. Villa Akbal is 2 blocks from the sea and is Villa number 1, the closest one to the sea.

This is how the property looks from the outside, if you bring a car you can park in front of the property as you see in the image

This is the entrance to the property, outside you will find a security box with the keys inside.

At this point, your concierge should have sent you the access code, if not, don't hesitate to ask for it.

### Garbage

On your departure make sure to collect the garbage and leave the bags inside the property, next to the pool, our team will come later and collect it. DO NOT take her out on the street please. This is how we prevent some animals from breaking it.

Please let us know if there's anything we can do to make your stay with us a wonderful, memorable stay. Private chefs are all available to be booked through us.

*Enjoy your stay!*
